

WHY FANWELL

Since 2011, Shenzhen Fanwell is one of leading ODM/OEM ecig devices' supplier in China, with monthly capacity of 2 million pieces. We are committed to providing the best alternative to smoking on the market. We believe that innovation is the key to creating unforgettable products experiences, and innovation is at the heart of what we do.

We are consistently testing new flavor pairings, always putting us ahead in the market. We offer over 100 different flavor varieties to support our customers , ranging from drinks, fruits, tobacco and many more to come.

Our devices are crafted with the finest picked extracts and flavors ensuring a high quality product every time in our GMP dusk free workshop. We strive for the best quality standards and practices for the consumer. We make the perfect devices with the reliable shipping more than a one stop solution provider so you spend more of your time to have your business growing in your area.
